**General
Provisions**

1. Hygiene Guidelines

The competition will be held under the Corona regulations/guidelines/restrictions in force on November 4 and 5, 2023. An event-specific hygiene concept will be prepared for the event – if necessary - and published together with the hygiene rules in advance on the homepage of the Wasserfreunde Mühlacker 1920 e.V. (www.wasserfreunde-muehlacker.de/herbstmeeting). The participating clubs incl. coaches, swimmers, and officials commit themselves to observe and comply with these. In case of non-compliance and fruitless reminders, the Wasserfreunde Mühlacker 1920 e.V. reserve the right to exclude individuals or the entire club. A refund of entry fees is excluded in this case.

2. CR/LR/ADR/Privacy Clause

The competition regulations (CR), the legal regulations (LR) and the anti-doping regulations (ADR) of the German Swimming Federation (DSV) apply. For disabled individuals with corresponding proof of classification, additionally, the competition regulations of the National Paralympic Committee Germany (DBS) are to be applied. With the registration for participation in the competition and with the participation in the competition the club/swimmer declares that the competition regulations, the anti-doping regulations, and the legal regulations of the DSV are recognized and that they submit to them. By submitting the entries, the club declares that it and the registered athletes agree to the storage of personal data, and to the publication of the competition data in the heat sheet, results, and regional rankings in paper form, and electronically. The registering club also confirms that there are no objections to the publication of names and photos in the context of the coverage of this event. If this is not desired, it must be indicated in writing when submitting the entries.

3. Eligibility

The competition is open for all clubs of the German Swimming Federation (DSV) as well as for all foreign clubs, whose national swimming federation belongs to World Aquatics. Age groups 2015 and older are eligible to compete. In the order of events, the respective age group's eligibility to compete is indicated for each competition distance. Participants of the age group 2015 to 2013 are only allowed to compete a maximum of 6 events per day, including relays.

4. Competition Pool

The competition pool is 25m long, has 6 lanes, and complies with DSV regulations. The lanes are separated from each other by wave killer lane lines. The water temperature is 28°C and the water depth is 3.80 – 1.90m. The one-start rule applies to the entire event. There will be electronic timekeeping with a scoreboard for 6 lanes.

5. Entries and Entry Cap

Please submit the entries on entry lists (Form 102) together with the entry form (Form 101), or as entry file in DSV standard by e-mail. Please provide an active e-mail address for the confirmation of receipt and the heat sheet. The organizer reserves the right to reject entries if the number of entries no longer allows the event to be run in a manner suitable for the competition, or if the limitation on the number of participants has been reached by the Corona regulation. In this case the last received entries at the registration address will not be considered, i.e., the first-come-first-serve rule will be applied. In case of large volume of entries, the organizer reserves the right to change the session starting times or if necessary, the order of events. Notification will be given with the publication of the heat sheet.
